SteamWorld Dig 2: Least Gold - The Gold Title: World War III: Black Gold - The Nuclear Nightmare Platform: PC Developer: JD Games Rift onlys CD Key Title: World War 3 Black Gold Platform: PC Developer: JD Games Publisher: JD Games Genre: Action Story World War III is a fully 3D RTS game with all the features that characterize this genre. The game has been developed based on a 3D environment, so that the player can truly understand the devastation that has befallen. An anonymous narrator and a leading journalist, an anchorwoman for the popular news network Z-TV, are trying to expose the truth behind the devastating conflict that has already taken place and is about to destroy the world. The players, while controlling the players of the world, have to act as their last hope for a peaceful existence. The players must fulfill the main objective: Build and develop several towns across the world, to keep them from being affected by the war.
